

# The Physics of Star Wars

CSAAPT Meeting  
10/22/2022

Dr. Patrick Johnson  
Associate Teaching Professor  
Georgetown University

A still from the Star Wars franchise showing Han Solo and Chewbacca in a dark, industrial setting. Han Solo is on the left, wearing his signature tan jacket and black vest, looking towards the right. Chewbacca is on the right, wearing his characteristic bandolier, looking towards the camera with a slight smile. The background is dark with a bright light source visible on the left side.

It's the ship that made the Kessel run  
in less than 12 parsecs.
